

## my problem, my solution

Imagine a website built around your needs. A site where you can work through your legal issue using a guided pathway that ends with an action plan tailored to your needs. A site that connects you with people who can help you, in person or over the phone. A site that anyone can go to and say “Here’s *my* solution to *my* legal problem.”

### Our vision

- An innovative, easy-to-use, integrated resource that ordinary British Columbians can use for help with their legal problems.
- A site that guides you to a solution to your legal problems, or to services and information that can help you avoid legal problems.
- The participation of BC’s public legal education and information (PLEI) providers, working towards a shared goal.

### What MyLawBC will do

- Give you the tools you need to identify, manage, and resolve your legal issues.
- Guide you to a solution to your legal problem using an interactive, question-and-answer approach.
- Integrate services, including help in person, over the phone, and online.
